

Software Engineering Intern (m/f/d)

Company Overview: Anansi Solutions is a software consulting firm serving clients from startups to NGOs. We provide engineering services like CTO-as-a-Service, digital transformation, software engineering, and cloud engineering. Our expert team delivers strategic, high-quality, cost-effective solutions tailored to each client's needs. Using an agile, iterative, and data-driven approach, we ensure incremental and predictable value.

Type: Part-Time (40%+) or Full-Time

Location: Lausanne, Aarau, or Hybrid

About the Role: We are seeking software engineering interns to join our team. This internship is designed to offer a comprehensive experience that goes beyond the typical desk-bound role. You will be actively involved in various projects, contributing to real-world solutions while having fun and growing in multiple dimensions.

Key Responsibilities:

- Collaborate with agile multidisciplinary teams on diverse consulting projects.
- Participate in brainstorming sessions and contribute innovative ideas.
- Design and implement features for customers, products and internal tools.
- Analyze customers' bug reports, reproduce the bugs and design patches.

What We Offer:

- A flexible working environment that promotes creativity and innovation.
- Exposure to real-world projects with opportunities to learn and grow.
- Mentorship from experienced professionals in both technical and business domains.
- A culture that values open communication, continuous learning, and collaboration.
- Opportunity to see the entire cycle of a software engineering, from customer acquisition over requirements engineering to implementation.

Qualifications:

- Experience in some of the following languages/frameworks is a bonus: C#, Python, TypeScript / React / Angular, HTML, CSS
- Experience with version control tools, e.g. Git.
- Familiarity with the command line (bash, powershell, ...).
- Eagerness to learn, take on new challenges, and adapt to varying project needs.
- Excellent communication skills and a proactive attitude.
- Ability to work both independently and as part of a team.
- Must have the right to work in Switzerland.

How to Apply: Interested candidates should submit their resume to info@excellent.engineering

Join Anansi Solutions and embark on a journey of professional growth, exciting projects, and a supportive, innovative work environment. We look forward to welcoming you to our team!
